Health Department Monitoring Fluid Release in Burke County

BISMARCK, N.D. – The North Dakota Department of Health has been notified and is monitoring a 200 barrel fluid release of flow back water (combination of produced fluid and frack fluid). The release occurred in Burke County approximately 4 miles southeast of McGregor, N.D.

The release was reported by Petro-Hunt, LLC. Petro-Hunt has contained the release and is in the process of cleaning up the fluid. Health department inspectors will be on-site to monitor the clean-up activities.

For more information, contact Dennis Fewless, North Dakota Department of Health, at 701.328.5215.
